

**Lyme Art Association**  
~Natural Selection~  
Exhibitions of  
*The Lyme Art Association Elected Artists*  
And Members of  
*The American Society of Botanical Artists*  
May 24 through July 12, 2003

We are privileged to present this premier exhibition of these exceptionally gifted botanical artists. Like many of the plants they illustrate, they are themselves a rare breed because of the exacting technical requirements, and more importantly, because they render their subjects in exquisite detail, with a dedication to art and science and a love of nature that shines through in each work.

We particularly thank Carol Hamilton and Dick Rauh, PhD, the ASBA jurors, and Diane Aeschliman, the LAA juror. We are grateful to Dr. Rauh for his expertise in providing the Latin Binomials (botanical names) for the catalog, and to Ellen Petersen for her assistance in assembling the exhibition.
